

FLAT or MATTE

About: Soft, non-reflective velvety elegant finish hides surface imperfections better than other finishes. Somewhat wipeable but paint quality will make a big difference.

Uses: Living Rooms, ceilings, home offices, lower traffic areas.

EGGSHELL

About: Low sheen (minimal, almost imperceptible) softly textures (like an eggshell). Somewhat scrubbable.

Uses: Moderate traffic areas. Dining rooms, bedrooms, hallways, entryways.

SATIN

About: Subtly reflective finish, easy to clean.

Uses: Windows, shutters, trim, interior doors, kitchens, bathrooms.

SEMI GLOSS

About: Luminous look is perfectly suited to highlight architectural details of your home and create dimension.

Uses: millwork, trim, and doors, and kitchen cabinets.

HIGH-GLOSS

About: Mirror-like, most reflective finish, maximum durability and elegant shine. Easy to clean, stain-resistant, shows the most surface imperfections.

Uses: doors, trim, and a high-traffic kitchen.
