- **Chrome**

BLACK

**BRUSHED
NICKEL**

**OIL
RUBBED
BRONZE**

CHROME

STANDARD GLASS HARDWARE OPTIONS

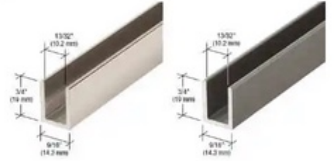

- **Clips or U-Channels**

Clips or u-channels are incorporated into a frameless shower enclosure where the glass meets a wall, curb or ceiling. Decisions regarding the use of clips vs. u-channels or a combination of both are mostly aesthetics, preference and structural integrity.

Clips

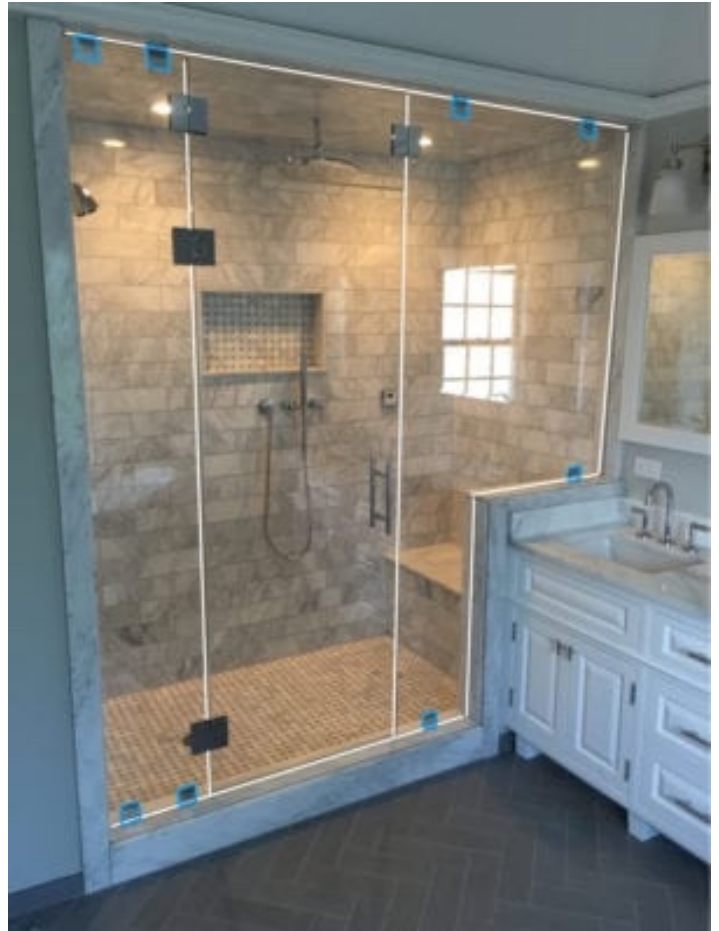

U-Channel

In this sample the U-Channels are outlined in blue

In this sample the Clips are outlined in blue

STANDARD GLASS DOOR TYPE OPTIONS

Door Type:

- **Hinged or Slider**

Hinged

A hinged shower door has two or more hinges fixed to either a glass panel or directly to the wall. Hinged doors open by swinging outwards in one direction

Slider

A slider screen consists of a sliding glass door that rolls on tracks attached to a fixed panel/s.

GLASS OPTION UPGRADES

Protective Sealer:

- **Enduroshield Treatment**

EnduroShield® is an optional glass treatment that seals the microscopic pores on the surface of glass to help prevent hard water from penetrating through the surface, which can reduce cleaning time by up to 90%.

Glass

- **Satin Etch**
- **Rain Glass**
