MEZZO VINYL WINDOWS

FULLY FUSION-WELDED FRAME AND SASH CORNERS create superior strength and a clean, low-profile finished look.

DUAL-PANE, DOUBLE-STRENGTH GLASS increases strength, durability and insulation.

AIRTIGHT INSULATING CHAMBERS enhance thermal performance and durability.

DUAL BULB SEALS along the bottom of the lower sash improve the appearance and create a tighter seal between the lower sash and true sloped sill when the window is closed and locked.

(Double-hung and single-hung only.)

DUAL VENT STOPS for limited and convenient opening of the window for ventilation.

(Not available on single-hung or single-sliding windows.)

HIDDEN SCREEN TRACK creates a clean-line design for enhanced visual appeal; half screens are standard, optional full screens available.⁴

⁴ Full screens are standard on exterior color-finished windows.
